**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Say NO to price hikes that will increase the cost of internet and telephone services.

AT&T and their trade association, USTelecom, have recently petitioned the FCC to take away access to critical unbundled network elements. These unbundled elements are critical last-mile copper and inter-city backhaul; the very technology that allowed us to grow, expand fiber deployment, backhaul those deployments, and compete. Without access to this infrastructure, Sonic is at risk of losing access to a huge portion of our customer base, leading to potentially higher rates, less fiber deployment, and even less options for consumers.
